Subject Index: Volume 185

Abdominal surgery
  Atelectasis after abdominal surgery (collective review), 584
Abdominal trauma
  Routine preoperative 'one-shot' intravenous pyelography is not indicated in all patients with penetrating abdominal trauma, 530
Abdominal wall cancer
  Lower extremity salvage after radical resection of malignant tumors in the groin and lower abdominal wall, 260
Adenoma
  See Parathyroid adenoma
Alfusozine
  Prevention of urinary retention after general surgery: a controlled trial of carbachol/diazepam versus alfusozine, 234
Ambulatory surgery
  Laparoscopic cholecystectomy as an outpatient procedure, 152
American College of Surgeons
  Future national meetings, 311, 425
Amino acid
  Efficacy of amino acid infusion for improving protein metabolism after surgery: a prospective randomized study in patients undergoing subtotal gastrectomy, 163
Anal canal cancer
  Anal canal and perianal epidermoid cancers (collective review), 494
Anastomosis
  Functional outcome after coloanal versus low colorectal anastomosis for rectal carcinoma, 114
  Infrahepatic terminolateral cavo–cavostomy as a rescue technique in complicated 'modified' piggyback liver transplantation, 576
  Pancreaticojejunostomy-securing technique: duct-to-mucosa anastomosis by continuous running suture and parachuting using monofilament absorbable thread, 190
Anastomotic leak
  Factors associated with the occurrence of leaks in stapled rectal anastomoses: a review of 1,014 procedures, 105
  Stapled anastomotic leaks (editorial), 185
Antiinflammatory drugs
  Surgical complications of nonsteroidal antiinflammatory drug-induced small bowel ulceration, 250
Antireflux surgery
  Complications of open and laparoscopic antireflux surgery: 32-year audit at a teaching hospital, 446
  Role of esophageal body function in gastroesophageal reflux disease: implications for surgical management, 380
Appendectomy
  Intestinal rotation: abnormalities without volvulus: the role of laparoscopy, 172
Appendicitis
  Granulomatous appendicitis: Crohn's disease, atypical Crohn's disease or not Crohn's at all?, 13
  Rapid detection of acute appendicitis with Tc-99m–labeled intact polyvalent human immune globulin, 534
Atelectasis
  Atelectasis after abdominal surgery (collective review), 584
Atresia
  See Biliary atresia
AwETN40
  Attenuation of ischemic liver injury to monoclonal anti-endothelin antibody, AwETN40, 358

Bassini-Stetten repair
  Longterm followup (12–15 years) of a randomized controlled trial comparing Bassini-Stetten, Shouldice, and high ligation with narrowing of the internal ring for primary inguinal hernia repair, 352
Biliary atresia
  Modification of hepatic portoenterostomy (Kasai operation) for biliary atresia, 548
Biopsy
  See also Breast biopsy
Bladder drainage
  Diagnosis, management, and outcome of late duodenal complications in portal–enteric–pancreas transplantation: case reports, 560
  Primary enteric drainage of the pancreas allograft revisited, 471

Breast biopsy
  Advanced Breast Biopsy Instrumentation: a critique, 145
  Advanced breast biopsy instrumentation (letter), 604
  Factors associated with clear biopsy margins and clear reexcision margins in breast cancer specimens from candidates for breast conservation, 268
  Stereotactic breast biopsy: a surgical series, 224
Breast cancer
  Perioperative stimulation of residual cancer cells promotes local and distant recurrence of breast cancer (collective review), 290
Breast conservation
  Factors associated with clear biopsy margins and clear reexcision margins in breast cancer specimens from candidates for breast conservation, 268
Breast pain
  Cyclical mastalgia: prevalence and impact in an outpatient breast clinic sample, 466

Calculi
  Common bile duct exploration and laparoscopic cholecystectomy: role of intraoperative ultrasonography, 40
  Intraoperative ultrasonography versus cholangiography during laparoscopic cholecystectomy: a prospective comparative study, 274
Cancer staging
  Prognostic study of gastric cancer without serosal invasion: reevaluation of the definition of early gastric cancer, 476
  Staging laparotomy with laparoscopic ultrasonography: optimizing resectability in hepatobiliary and pancreatic malignancy, 33
Cannulation
  Aortic cannulation in organ donors with pathology of the infrarenal aorta, 488
Carbachol
  Prevention of urinary retention after general surgery: a controlled trial of carbachol/diazepam versus alfusozine, 234
Carcinoembryonic antigen
  Miniscule benefit of serial carcinoembryonic antigen monitoring after effective curative treatment for primary colorectal cancer, 60
  Preoperative carcinoembryonic antigen predicts outcomes in node-negative colon cancer

patients: a multivariate analysis of 572 patients, 55
Cardiac surgery
Factors affecting hypertrophic scar development in median sternotomy incisions for congenital cardiac surgery, 218
Caroli's disease
Recurrent hepatolithiasis after primary excision of choledochal cysts (Letter), 1981
Carotid artery injuries
Blunt carotid artery injuries, 80
Cava vein
Infrahepatic terminolateral cavo–cavostomy as a rescue technique in complicated 'modified' piggyback liver transplantation, 576
Cervicothoracic junction
Proximal esophagectomy without laryngectomy followed by free jejunal transfer for esophageal cancer at the cervicothoracic junction, 569
Chemotherapy
Anal canal and perianal epidermoid cancers (collective review), 494
Preoperative carcinoembryonic antigen predicts outcomes in node-negative colon cancer patients: a multivariate analysis of 572 patients, 55
Cholangiocarcinoma
Hepatic resection and transplantation for peripheral cholangiocarcinoma, 429
Cholangiography
Intraoperative ultrasonography versus cholangiography during laparoscopic cholecystectomy: a prospective comparative study, 274
Cholecystectomy
Can medical school-affiliated hospitals compete with private hospitals in the age of managed care? An 11-state, population-based analysis of 351,201 patients undergoing cholecystectomy, 207
Common bile duct exploration and laparoscopic cholecystectomy: role of intraoperative ultrasonography, 40
Intraoperative ultrasonography versus cholangiography during laparoscopic cholecystectomy: a prospective comparative study, 274
Laparoscopic cholecystectomy as an outpatient procedure, 152
Port-side forceps technique: a new technique for laparoscopic cholecystectomy, 285
Choledochal cysts
Recurrent hepatolithiasis after primary excision of choledochal cysts (letter), 198
Cholelithiasis
Recurrent hepatolithiasis after primary excision of choledochal cysts (letter), 198
Collective reviews
Anal canal and perianal epidermoid cancers, 494
Atelectasis after abdominal surgery, 584
Impact of obesity on surgical outcome: a review, 593
Perioperative stimulation of residual cancer cells promotes local and distant recurrence of breast cancer, 290
Colon cancer
Preoperative carcinoembryonic antigen predicts outcomes in node-negative colon cancer patients: a multivariate analysis of 572 patients, 55
Colon stenosis
Effect of glutamine or glucagon-insulin enriched total parenteral nutrition on liver and gut in 70% hepatectomized rats with colon stenosis, 156
Colonic enema
See Enema
Colorectal cancer

Port-side forceps technique: a new technique for laparoscopic cholecystectomy, 285
Proximal esophagectomy without laryngectomy followed by free jejunal transfer for esophageal cancer at the cervicothoracic junction, 569
Repair of a spigelian hernia, 490
Stapled pulmonary tractotomy: a rapid way to control hemorrhage in penetrating pulmonary injuries, 486
Unusual approach for difficult dialysis access, 287
Useful stapling techniques in liver surgery, 93
Surgical complications
Atelectasis after abdominal surgery (collective review), 584
Complications of open and laparoscopic antireflux surgery: 32-year audit at a teaching hospital, 446
Diagnosis, management, and outcome of late duodenal complications in portal–enteric–pancreas transplantation: case reports, 560
Major vascular injuries during gynecologic laparoscopy, 461
Prevention of urinary retention after general surgery: a controlled trial of carbachol/diazepam versus alfusozine, 234
Surgical complications of nonsteroidal antiinflammatory drug-induced small bowel ulceration, 250
Surgical risk of pancreas transplantation in the cyclosporine era: an overview, 128
Surgical treatment of cancer of the thoracic esophagus in association with a major pulmonary operation, 520
Survival
Role of splenectomy in gastric cancer: adverse effect of elective splenectomy on longterm survival, 177
Suture techniques
Pancreaticojejunostomy-securing technique: duct-to-mucosa anastomosis by continuous running suture and parachuting using monofilament absorbable thread, 190
'Yanni' knot: a simpler method of intracorporeal laparoscopic knot tying, 492

TBC-1269
Small-molecule selectin inhibitor protects against liver inflammatory response after ischemia and reperfusion, 365
Teaching skills
Communication effectiveness training improves surgical resident teaching ability, 516
Technetium-99m
Rapid detection of acute appendicitis with Tc-99m–labeled intact polyvalent human immune globulin, 534
Thoracic recurrent nerve
Prognostic value of thoracic recurrent nerve nodal involvement in esophageal squamous cell carcinoma, 244
Thoracic surgery
Surgical treatment of cancer of the thoracic esophagus in association with a major pulmonary operation, 520
Total thoracic esophagectomy for esophageal cancer, 525
Video-assisted thoracic surgery in trauma patients (letter), 197
Thoracoscopy
No-cut thoracoscopic lung plication: a new technique for lung volume reduction surgery, 25
Thoracoscopic excision of mediastinal parathyroid adenomas: a report of two cases and review of the literature, 481
Thoracotomy
Decompression of the gastrointestinal tract after esophageal operations: how to do it, 410
Thyroid cancer
Management of thyroid cancer of follicular cell origin: Gundersen/Lutheran Medical Center, 1969–1995, 388
Total parenteral nutrition
See Parenteral nutrition
Tractotomy
Stapled pulmonary tractotomy: a rapid way to control hemorrhage in penetrating pulmonary injuries, 486
Transplantation
See Liver transplantation; Pancreas transplantation; Renal transplantation; Organ procurement
Trauma
Accumulated Experience of the Israeli Advanced Trauma Life Support program, 8
Blunt carotid artery injuries, 80
Pulmonary contusion: are children different?, 229
Routine preoperative 'one-shot' intravenous pyelography is not indicated in all patients with penetrating abdominal trauma, 530
Video-assisted thoracic surgery in trauma patients (letter), 197
Tumor metastasis
Failure in resection of multiple pulmonary metastases from colorectal cancer, 120
Metastatic gastric lymph node rate is a significant prognostic factor for resectable stage IV stomach cancer, 65
Tumor recurrence
Perioperative stimulation of residual cancer cells promotes local and distant

recurrence of breast cancer (collective review), 290
Tumor resection
Ductal adenocarcinoma of the body and tail of the pancreas, 255
Failure in resection of multiple pulmonary metastases from colorectal cancer, 120
Lower extremity salvage after radical resection of malignant tumors in the groin and lower abdominal wall, 260
Ninety-six five-year survivors after liver resection for metastatic colorectal cancer, 554

Ulcer
Stomal ulcer after gastric bypass, 1
Stromal ulcer after gastric operations (editorial), 87
Surgical complications of nonsteroidal antiinflammatory drug-induced small bowel ulceration, 250

Ultrasonography
Common bile duct exploration and laparoscopic cholecystectomy: role of intraoperative ultrasonography, 40
Intraoperative ultrasonography versus cholangiography during laparoscopic cholecystectomy: a prospective comparative study, 274
Staging laparotomy with laparoscopic ultrasonography: optimizing resectability in hepatobiliary and pancreatic malignancy, 33
Ultrasound suction aspirator
Modification of hepatic portoenterostomy (Kasai operation) for biliary atresia, 548
Urinary incontinence
Value of the MACE (Malone antegrade colonic enema) procedure in adult patients, 544
Urinary retention
Prevention of urinary retention after general surgery: a controlled trial of carbachol/diazepam versus alfusozine, 234

Vaginal cuff closure
Does vaginal cuff closure decrease the infectious morbidity associated with abdominal hysterectomy?, 404
Vascular injuries
Major vascular injuries during gynecologic laparoscopy, 461
Veterans Health Administration
The future is now (editorial), 408
Risk adjustment of the postoperative morbidity rate for the comparative assessment of the quality of surgical care: results of the National Veterans Affairs Surgical Risk Study, 328
Risk adjustment of the postoperative mortality rate for the comparative assessment of the quality of surgical care: results of the National Veterans Affairs Surgical Risk Study, 315
Video-assisted thoracic surgery, 197
Video-assisted thoracic surgery in trauma patients (letter), 197
Volvulus
Elective extraperitonealization for sigmoid volvulus: an effective and safe alternative, 580
Intestinal rotation: abnormalities without volvulus: the role of laparoscopy, 172

Wound closure
Lower extremity salvage after radical resection of malignant tumors in the groin and lower abdominal wall, 260
